

DMS can provide your facility with accessories and supplies across a variety of modalities:

- Magnetic Resonance Imaging (MRI)
- Computed Tomography (CT)
- Mammography
- Radiology/X-Ray
- Ultrasound

Customer Return Policy

- DMS will not accept any returns without prior authorization.
- Unless damaged in transit, DMS will not accept returns of product which is not in its original, factory-sealed packaging, nor with packaging that is not clean, uncut, undamaged and unmarked.
- Returns will be credited at original invoice price less a 25% restocking fee.
- Dated products must have eight (8) months of dating before expiration or must be returned within six (6) months of purchase from DMS.
- DMS will work with the customer to return drop-shipped or full-case non-stock items to the manufacturer. The customer is responsible for any restocking fees and all freight costs.
- Kodak Dryview film is not eligible for return unless due to DMS error or damage in transit.
- Prescription drugs, ingestible or injectable are not returnable unless delivery was due to DMS error.
